

INTERDISCIPLINARY STUDIES - HUMAN VALUES AND PROBLEM SOLVING CONCENTRATION (B.A.)

The new BA in Interdisciplinary Studies is intended to prepare students for a lifetime of professional and intellectual flexibility. By focusing on several of the NACE career-readiness competencies, particularly critical thinking, professionalism, teamwork, and self-development, it will empower students not only to address the many challenges they are likely to face in the workplace throughout their careers, but also in their communities throughout their lives.

This concentration delves into the ethical, cultural, and societal dimensions of human experiences. Students engage with various social and human topics such as justice, ethics, and human rights, preparing for careers in public service, advocacy, prelaw, and community engagement. The interdisciplinary approach encourages a deep understanding of complex human issues, fostering empathy and effective communication.

Unless otherwise noted, 120 credits of coursework is required for a baccalaureate degree with a minimum 2.0 overall GPA, and a minimum 2.0 major GPA.

Degree Requirements Overview

Code	Title	Credits
New Student Seminar		1
SEEDS General Education Requirements		27-30
Major Requirements		39
Free Electives		53-50
Total Credits		120
